

Taralye is an internationally recognised early intervention centre that has provided inclusive oral language programs for children with hearing loss and their families in Victoria for almost fifty years.

About Taralye

Taralye's mission is to provide life enhancing opportunities for children who are deaf, supporting families with evidence-based programs, researching and advocating for children on their families behalf.

Our vision is that children who are deaf will listen, learn and speak to their full potential.

Parent-Child Mother Goose Program

A program for parents and young children from birth to 4 years

The oral language centre for deaf children

The Parent-Child Mother Goose Program

Would you like to:

- Enhance your child's language development.
- Learn to keep your child calm and settled.
- Grow your relationship with your child.
- Acquire new techniques to engage and connect with your child that can be used anywhere, anytime.
- Meet other families with a young child.

The Program

The Parent-Child Mother Goose program promotes parent-child relationships through the fun of oral language experiences.

The program embraces families from all backgrounds providing a valuable resource to first time parents and experienced parents alike.

Children gain communication and social skills. As parents, you will gain confidence, further develop your parenting skills and strengthen your parent-child relationship.

What happens?

- The group begins with an informal welcome, chat and play.
- Then follows a rhyme and song session, including a story.
- Morning or afternoon tea encourages you to build relationships with other

parents and share experiences while your children play.

Teaching is aimed at parents with children joining in according to their individual stage of development.

As parents, you will learn rhymes, songs and stories which can then be used at home, integrated into your daily routine.

These rhymes, songs and stories nurture your child's listening and spoken language development.

The mutual enjoyment nourishes the bond between you and your child.

We encourage and welcome families with a child who has additional needs.

The Parent-Child Mother Goose is a free program for all
